Experts in Luxury Fragrances and Skincare Distribution

Message from the CEO

The third quarter of 2018 has been an exceptional period of growth for the Luxuria Group. From the acquisition of new brands through the expansion of our regional reach and the widening of our experience through the joining of key staff members. To match this development, Luxuria is currently undertaking a complete rebrand and a new website and corporate identity that will mirror the evolution of the group. It is for this reason that we have adjusted our regular format for the newsletter this quarter in anticipation of the upcoming rebrand.

Expansion of Operating Reach

We are pleased to work with brands that continue to grow and aspire to reach all consumers where ever they may be. In response to a growing eastern focus, Luxuria will now be providing its strategic, distribution, logistical, marketing and training services in Georgia, Uzbekistan, Kazakhstan and Pakistan. Furthermore, the strategic cross-road market of Turkey has also been included into the sphere of operation of the group.

Team Expansion

In response the increase growth within the group, we are currently in the process of changing the team structures in the Group. This has resulted in the addition of senior management in our commercial departments and public relations team. We have also added to our customer service team which will allow our logistics team to continue to provide for growing operations.
