**Three fresh and bright perfumes that evoke the joyful
Mediterranean attitude.**

BO-BO

Bo Bo, an ancient folkloric dance is just as it sounds- a lively and celebratory custom that still today in modern times transmits the festive Mediterranean spirit.

Notes: Italian Bergamot, Italian mandarin, African orange flower, white amber, musk, vetyver

SALADO

Salado is the scent of sunbathed skin speckled with dried salt crystals left behind from a summer ocean dip in waters the color of blue tourmaline. It's crisp and refreshing like a soft Mediterranean breeze that skims across the deck of a sailboat docked at sea.

Notes: Pink peppercorn, Italian bergamot, Moroccan orange blossom, cucumber, salty accord, musk

FIG MAN

Inspired by the wondrous illustration *L'homme Figuier* by Dalí, Fig Man takes seemingly classic earthy notes subverting them to create a fanciful aroma that will titillate senses.

Notes: Italian bergamot, Indian cardamom, fig, fig tree leaves, marine accord, Indonesian patchouli, tonka bean
