

Best Cleansing Product of the Year!

BABOR wins China ELLEMEN Grooming Award 2020

December 2020

The prestigious ELLEMEN Grooming Award annually chooses the best products in the beauty world. On-Top: it is a useful guide for men that helps them find suitable products for their needs and wishes in the beauty stratosphere. The award honors products in various categories such as body, skin and hair care as well as grooming. The top products are selected based on expert, reader and editor reviews and then ELLEMEN awards the 15 most effective and worthy products.

The **BABOR Cleansing HY-ÖL** convinces with its unique cleansing power, since the hydrophilic HY-ÖL acts as a dirt magnet thanks to Quillaja extract, which is extracted from the bark of the soap bark tree. The HY-ÖL dissolves all oil-soluble particles and is then combined with the Phytoactive Herbal Essence. The **Phytoactive Hydro Base** is for dry skin. Mint, birch and rosemary revive and refresh the skin. The Phytoactive contain an agrimonia herb extract with natural antioxidants against harmful environmental factors. Moisten both with water, wash off the milky emulsion and enjoy radiantly nourished skin – also underneath the beard!
